

## What happens when our Market Value increases

Top pie for all market values and piece of pie for each Town in the district.

Bottom Pie - Increase the size of our piece of the pie, notice how everyone else piece of pie gets smaller, we pay more, they pay less school taxes

Our property Taxes for School, County, Medicare and Community College are determined by our towns size of the piece of pie. The larger our piece of the pie, the more tax our town property owners pay.
